MIKE DIBBINI

Head Coach | Second Season
Kansas Wesleyan '99 & 02

Mike Dibbini enters his second season at the helm of K-State women's soccer in the 2017 season.

In the program's first season, Dibbini led the Wildcats to a 4-9-3 overall record. K-State secured the first win in program history and Dibbini's first NCAA Division I win at Oakland on Aug. 26, 2016.

At the conclusion of the first season, three Wildcats were named to the Academic All-Big 12 Team - Kim Braddock, Miranda Larkin and Addie Jenkins.

Dibbini was hired in December of 2014 as Kansas State's first intercollegiate women's soccer coach and guided the program through the year and a half process of forming a program from the ground up.

Prior to becoming the inaugural head coach at K-State, Dibbini built winning programs and successful student-athletes at the NCAA Division II and NAIA levels. He is a 12-time conference coach of the year who led Kansas Wesleyan and Cal Poly Pomona to 13 postseason tournament appearances and an overall career winning percentage of .750 as a collegiate head coach (265-78-25). Dibbini coached eight years at KWU leading both the men's and women's programs before moving to Pomona in 2013.

In just his second year at Cal Poly Pomona in 2014, Dibbini directed the Broncos to their best season in 15 years with a 15-6-1 record and a No. 16 national ranking, the second-highest in program history. Cal Poly Pomona advanced to the Division II West Region title game in the third round of the NCAA Tournament and produced six all-conference performers including the school's fourth-ever All-American.

Charged with the task of rebuilding the Bronco program when hired in 2013, Dibbini's first team posted a 6-7-5 record. Cal Poly Pomona made tremendous strides in year two not only on the playing field but in the classroom as well. The National Soccer Coaches Association of America (NSCAA) recognized the efforts of the Broncos with a pair of Team Academic Awards for the 2012-13 and 2013-14 academic years.

At Kansas Wesleyan, Dibbini served as the Director of Soccer Programs from 2005-12 for both the men's and women's teams. Combined, he amassed a record of 244-65-25 (.768) and in conference play, his teams went 133-7-4 (.938) while capturing 12 regular-season titles and 12 tournament titles.

The Kansas Wesleyan women's team posted a record of 126-30-14 under Dibbini and, in 2012, the Coyotes were 20-2 overall en route to capturing the league's regular-season and tournament titles and Kansas Collegiate Athletic Conference (KCAC) Coach of the Year and Regional Coach of the Year recognition for Dibbini.

Dibbini also helped KWU secure a berth in the 2012 NAIA Women's Soccer National Championship Opening Round, where Kansas Wesleyan defeated Benedictine to advance to the NAIA National Championship Final site in Orange Beach, Ala. It marked the second time in the Opening Round era that the Coyotes had reached the Final Site, the first in 2008.

The KWU women's squad won three-straight regular season championships in 2006, 2007 and 2008 while going undefeated during that span, and won four-consecutive conference tournament championships in 2005, 2006, 2007 and 2008 before adding another in 2010.

Bob Bowlsby
Commissioner

The Big 12 enters its 22nd year in 2017-18 as it continues to promote the strength and success of one of the nation's premier athletic conferences under the direction of sixth-year commissioner Bob Bowlsby.

TCU and West Virginia joined the league on July 1, 2012 and became the Big 12's first additions since inception, joining Baylor, Iowa State, Kansas, Kansas State, Oklahoma, Oklahoma State, Texas and Texas Tech.

With 10 members, the Big 12 remains as the only autonomy conference to determine its champions in all sports directly on the field of play with a full round-robin schedule. The Conference's hard work ethic and strong values have translated to enormous success in its first 21 years. Since it began competition in 1996-97, the league can boast of 58 NCAA team titles and 645 individual national championships.

The Big 12 has been at the forefront in college athletics reform, specifically with student-athlete welfare issues to include cost of attendance, student-athlete time demands and strengthening its policy for concussion diagnosis and management. In 2014-15, the Big 12 introduced and hosted three "State of Collegiate Athletics" forums to examine the issues facing college athletics. Two were conducted in Washington, D.C and one in New York City. Panelists included respected authorities from intercollegiate athletics, university leadership and sports journalism. The third forum featured a special session comprised of student-athletes. The Big 12 continued the "State of Collegiate Athletics" forums the past three seasons with Dallas serving as the host site for two events and the most recent in Atlanta.

The Big 12 claimed four national championships in 2016-17 as Oklahoma brought home trophies in women's gymnastics, men's golf and softball, while Texas won men's swimming & diving. West Virginia played for the national championship in soccer while Texas advanced to the volleyball title match for the second-consecutive season. TCU baseball made its fourth-consecutive appearance in the College World Series. Oklahoma football won its 10th Big 12 title to advance to the Sugar Bowl. It marked the Conference's fifth appearance in a College Football Playoff New Year's Bowl in the three years of the structure. The Sooners also had two Heisman Trophy finalists, giving the Conference 18 since 1996, and two finalists for the fifth time. Texas' Courtney Okolo won the Bowerman Award, which is track & field's equivalent to the Heisman.

The Conference also had a banner year on the national stage in 2015-16. Two teams competed in 2015 College Football Playoff New Year's Bowls for the second consecutive season. Oklahoma made the Conference's first appearance in the CFP semifinals while OU men's basketball advanced to the Final Four. Other highlights included national championships by Texas men's swimming and diving and Oklahoma women's gymnastics and softball. National runner-up finishes were recorded by Texas volleyball, Oklahoma State wrestling, TCU equestrian, Texas men's golf, Oklahoma men's tennis and Oklahoma State women's tennis. Three Big 12 squads were among the eight teams that advanced to baseball's College World Series.

The Big 12 lays claim to five Heisman Trophy winners since 1996 and has had a finalist in 13 of its seasons. Twenty-seven major individual awards have been won by Big 12 student-athletes in football over the past eight campaigns. Overall, more than 4,800 student-athletes have earned All-America recognition. West Virginia soccer standout Kadeisha Buchanan earned the Hyundai Young Player Award at the 2015 World Cup while playing for her native Canada, given to the player born in 1995 or later that made the biggest impression in the competition. She followed that up by being named the 2016 Honda Sport Award winner for soccer.

Through its first 21 years, the Big 12 has claimed a team national championship in 17 of the sports it sponsors. The Conference finished the BCS era ranked tied for second with seven appearances in the National Championship Game. The league has finished in the top two of women's basketball conference RPI in nine of the last 11 years and sent at least 70 percent of its teams to postseason for the eighth-straight season. In men's basketball, the league has had at least six 20-wins teams for 11 consecutive seasons, including each of the five years since it began competing with 10 squads. The Big 12 has had 27 teams earn NCAA bids over the past four campaigns, a total that ranks second nationally.

The Big 12 and its member institutions are committed to a competitive environment where sportsmanship and fair play take center stage. Whether on the field, in the classroom, or within the community, the student-athletes, administrators, coaches and game officials of the Big 12 support the highest ideals in sportsmanship.

National academic accolades have always been strong in the Big 12. Ty Darlington (Oklahoma) was the recipient of the 2015 William V. Campbell Trophy, known as the Academic Heisman. Gabe Ikard (Oklahoma) was presented the NCAA Today's Top 10 Award in January 2015. It recognizes former student-athletes for their successes on the fields and courts, in the classroom and in the community. Since 1996, the Big 12 has a total of 11 honorees for this prestigious award. In the last six seasons, 11 student-athletes were recipients of the NCAA Elite 90 Award with Oklahoma State's Christian Liddell (men's cross country) and Baylor's Jimmy Bendeck (men's tennis) picking up the most recent honors in 2016-17. The accolade showcases individuals who have reached the pinnacle of competition at the national championship level, while also achieving the highest academic standard among their peers.

In its short history, the Big 12 has over 600 Academic All-America recipients, averaging about 30 each season. Big 12 student-athletes have shown commitment to their studies by earning numerous individual academic recognitions. Twelve times in the past 12 years a league athlete has garnered the top academic honor for their respective sport, including Christina Hillman (Iowa State) for track & field/cross country in 2016.

The Big 12 can take pride in other stories that combine on and off the field success. In the fall of 2013, former Texas Tech track and field student-athlete Ifeatu Okafor was named the Big 12's first NCAA Woman of the Year. Patience Knight (Texas Tech) was the recipient of the Honda Inspiration Award in 2008 while Imani McGee-Stafford (Texas) was honored in 2015. It is given to an outstanding female college athlete who overcomes adversity to excel in her sport. Oklahoma State women's basketball was the inaugural recipient of the "Together We R" Team Award in 2012, recognizing programs that have strived to succeed in the face of adversity. Following a devastating tornado south of Oklahoma City just before the Big 12 Baseball Championship in 2013, several league baseball teams along with other student-athletes, coaches and former Conference players contributed help in a variety of ways. Plus, the Conference contributed $200,000 to the relief efforts. In the fall of 2014, Oklahoma football student-athlete Sterling Shepard and head coach Bob Stoops were honored with the Disney Sports Spirit Award while Kansas football student-athlete JaCorey Shepherd received the Lee Roy Selmon Community Spirit Award. Ty Darlington (Oklahoma) earned the 2015 Wuerffel Trophy which recognizes community service along with athletic and academic success.

Competitive excellence, scholarship and sportsmanship are all equal components of the Big 12 philosophy. All-Big 12 teams and Academic All-Big 12 squads are recognized for each sport at the end of their respective seasons. At the end of each academic year, the Conference honors its top male and female student-athletes with the Big 12 Athlete of the Year and Big 12 Sportsperson of the Year awards.

Institutions can also nominate student-athletes for the prestigious Dr. Prentice Gautt Postgraduate Scholarships. A total of 401 scholars have received over $2.9 million in postgraduate financial aid through the first 21 years of the program.

The Big 12 sponsors 23 sports. Men's squads include baseball, basketball, cross country, football, golf, indoor track & field, outdoor track & field, swimming & diving, tennis and wrestling. Women's teams are fielded in basketball, cross country, equestrian, golf, gymnastics, indoor track & field, outdoor track & field, rowing, soccer, softball, swimming & diving, tennis and volleyball.

Big 12 institutions create a league that encompasses five states and nearly 38 million people. Nearly 5,000 student-athletes from across the United States and around the World compete annually in the sports sponsored by the Conference.

The Conference currently conducts postseason championships for 21 of its 23 sports with the Football Championship Game returning in 2017 after a six-year absence. Each championship helps to determine teams and/or individuals that will represent the Conference in national postseason competition.

In its first 21 years, the Big 12 has distributed $2.941 billion to its member institutions, including a record $34.8 million per institution in 2016-17, an increase of 15 percent over the previous year. The Conference office is headquartered in Irving, Texas.

- 2012 NACDA FCS Central Region AD of the Year
- 2012 Blue Key Honor Society Doctor of Service Award (NDSU)
- 2008 NACDA FCS Central Region AD of the Year

Gene Taylor, who spent more than a decade leading North Dakota State to championship levels of success as its Director of Athletics before serving as the Deputy Athletics Director at Iowa, was named the Director of Athletics at K-State in April 2017.

Taylor took the reins at North Dakota State in the summer of 2001 and immediately spearheaded a comprehensive evaluation of the Bison athletic department, all while successfully guiding the athletics program through the unpredictable waters of reclassification to NCAA Division I from Division II and securing conference affiliations for all 16 sports. The Bison are currently members of The Summit League, Missouri Valley Football Conference and Western Wrestling Conference.

Taylor also played an instrumental part of forming the Great West Football Conference in February 2004, an affiliation that gave the Bison football program an immediate home in Division I.

The success of the football program is well documented, highlighted by three-straight FCS National Championships in 2011, 2012 and 2013 under head coach Craig Bohl as the Bison quickly became one of the most revered football programs in all levels of college sports.

In addition to football, the NDSU men's basketball, women's volleyball, softball and women's golf programs all regularly qualified for NCAA tournaments, highlighted by softball advancing to the 2009 Super Regional, while the Bison totaled 53 Summit League team championships since 2009 under Taylor's guidance in addition to 62 Academic All-Americans, three NCAA Woman of the Year national qualifiers, four NCAA Elite 89 selections and 20 NCAA Postgraduate Scholarship winners.

The NDSU athletics budget tripled from $5 million in Taylor's first year to $15 million, while the scholarship endowment grew to $11.2 million, and Team Makers booster club support tripled from $750,000 to $2.8 million.

In 2014, Taylor accepted the role of deputy athletics director at Iowa where he has been responsible for the administrative oversight of the department's day-to-day operations while also serving as the leading advisor to the Director of Athletics and the primary decision maker in his absence.

He also supervised and managed all the department's administrative units, capital projects as well as serving as the direct sport supervisor for field hockey, men's and women's tennis, men's and women's swimming and diving, women's soccer, baseball and wrestling. Taylor also has oversight of the football and men's and women's basketball programs daily operations, which included postseason and bowl travel coordination.

Twice Taylor has been recognized for his success by the National Association of Collegiate Directors of Athletics. He was selected as the FCS Central Region AD of the Year in June 2008 and June 2012. Taylor received the Blue Key Honor Society Doctor of Service Award, one of the most prestigious honors an NDSU faculty member can be bestowed, in April 2012.

A student assistant to the associate athletics director in his undergraduate days at Arizona State University, Taylor arrived at NDSU after a 15-year stint at Navy (1986-2001) as an administrative assistant, assistant ticket manager, ticket manager, assistant athletic director for tickets and operations, and associate athletic director.

Taylor is a 1980 business management graduate of Arizona State, and he received his master's degree in sports administration in 1985 from St. Thomas University in Florida.

He worked in the ticket office at Southern Methodist University in 1985-86 before joining the Naval Academy. His tenure at Navy included serving as the commissioner of the five-team Collegiate Sprint Football League that includes Army, Navy, Penn, Princeton and Cornell.

Taylor, 59, and his wife, Cathy, have one daughter, Casey, and a son, Jared. Casey (22) graduated from North Dakota State this past December with a degree in sports management and is pursuing a career in college athletics, while Jared (18) will graduate this May from Iowa City High School and attend Northern State University in South Dakota where he will play football.

- Bought or received season tickets to a K-State athletics event.

Definition of an Extra Benefit?
An extra benefit is any special arrangement by an institutional employee or representative of the institution's athletics interests to provide a student-athlete or the (student-athlete's relatives or friends) with a benefit not authorized by NCAA legislation.

You can NOT provide any of the following to a student-athlete or their relatives, family or friends:

- Special discounts on shoes, clothing, or other items
- Use of an automobile or transportation of any type
- Rent-free or reduced-cost housing for any length of time
- Entertainment (e.g., cash, or use of your home or other items of value, tickets to an athletic, institutional or community event)
- Employment based on the student-athlete's athletic ability/reputation
- Payment for or use of a student-athlete's name, picture, or appearance to advertise the sale of a commercial product or to promote your commercial business
- Gifts or free or reduced cost services such as laundry, haircuts, and legal fees
- Awards, gifts of any kind, or compensation for a student-athlete's tickets
- A loan of money or co-signing a loan
- Preferential tratment of items/services not available to K-State students or the general public.

This is not an exhaustive list! If you have any questions about what you can and cannot do for a student-athlete, please call the Compliance Office before you provide any item or service. If you make a mistake the student-athlete and K-State will suffer the consequences.

Employment of Student-Athletes
Student-athletes may be employed by representatives of athletics interests provided their compensation is only for work actually performed and commensurate with the going rate for the job they are performing.
Such compensation may not be based on the value the student-athlete may have for their employer because of the publicity, reputation, fame or personal following associated with their athletics ability.

Who is a "Prospective Student-Athlete" (recruit)?
The NCAA defines a prospective student-athlete (prospect) generally as any student who has started classes for the ninth grade (regardless of whether K-State is recruiting that individual). An individual remains a prospect until one of the following occurs:

- The individual officially registers and enrolls in full-time and attends classes in any regular term during K-State's academic year;
- The individual participates in a regular squad practice or competition at K-State that occurs before the beginning of the academic term (e.g., football, volleyball, or soccer in the fall); or
- The individual officially registers, enrolls and attends classes during the summer prior to initial enrollment and receives athletics aid.

Recruiting and Contact Rules for Prospective Student-Athletes
Only coaches and athletic staff members are permitted to be directly or indirectly involved in the recruitment of prospects. All representatives of the university who are not members of the athletic department staff are prohibited from contacting a prospect by telephone, in person (on or off campus), or in writing (including use of social media) for the purpose of encouraging his/her enrollment and or athletics participation at K-State.

Q.What if a prospect calls an athletics representative?
A. An athletic representative may have a telephone conversation with a prospect ONLY if the prospect initiates the call. An institutional staff member may not prearrange such a call. Any questions about K-State's athletics program should be referred to the Athletic Compliance Office or the appropriate coach.

Q. May an athletics representative speak to a K-State coach if a prospect is with the coach?
A. If a K-State coach is with a prospect, DO NOT approach the coach until the prospect and their family have departed. Coaches are not permitted to introduce prospects to representatives because representatives are not permitted to have any contact with prospects, on or off-campus.

Q. What if a prospect approaches an athletics representative at an on- or off-campus location regarding the K-State athletics program?
A. If a prospect approaches an athletics representative regarding our athletics program, on- or off-campus, the representative should explain to him/her that NCAA rules do not permit the discussion of the athletics program and refer the prospect to the appropriate K-State coach.

Q. Is it permissible for an athletic representative to provide prospects (or their friends or relatives) transportation to or from the K-State campus?
A. NO, athletic representatives should not provide any recruiting benefits or inducerents to prospects.

Preferential Treatment & Established Family Relationships:
NCAA rules and regulations concerning contact with prospects are not intended to affect established family relationships that pre-date an individual becoming a prospect. You should feel free to continue these relationships and remember that contact is permitted as long as it is not made for recruiting purposes. However, please keep in mind that student-athletes are not permitted to receive preferential treatment, benefits, or services based on their athletics reputation or pay-back potential as future professional athletes.

Questions?
Please contact Lindsey Babcock (Executive Associate Athletics Director for Compliance), Daren Koudele (Associate Athletics Director of Compliance), Brady Fritz (assistant director) or Vera White (compliance assistant) in the athletics compliance office at (785) 532-3990.

RICHARD MYERS
President
(Kansas State '65; Auburn '77)

RETIRED FOUR-STAR GENERAL, U.S.A.F.
15TH CHAIRMAN OF THE JOINT CHIEFS OF STAFF

Retired U.S. Air Force Gen. Richard B. Myers has returned to his home state and alma mater to serve as Kansas State University President. He graduated from the university in 1965 with a bachelor's degree in mechanical engineering and joined the Air Force through K-State's ROTC program.

The native Kansan from Merriam loyally served his country and retired as a four-star general. From 2001-2005, he served as the 15th chairman of the Joint Chiefs of Staff and was the principal military adviser to the U.S. president, secretary of defense, and the National Security Council.

As a command pilot, Myers logged more than 4,100 flying hours, including 600 combat hours. His significant commands included North American Aerospace Defense Command; U.S. Space Command and Air Force Space Command at Peterson Air Force Base in Colorado; Pacific Air Forces at Hickam Air Force Base, Hawaii; and the 5th Air Force at Yokota Air Base, Japan. He was appointed Vice Chairman of the Joint Chiefs of Staff by President Clinton in 2000. He has received numerous awards and decorations for his service, which include Legion of Merit, French Legion of Honor, and Presidential Medal of Freedom.

Myers also is a Kansas State University Foundation professor of military history and leadership. He received a master's degree in business administration from Auburn University in 1977. He also graduated from Air Command and Staff College at Maxwell Air Force Base in 1977, U.S. Army War College at Carlisle Barracks in 1981, and the John F. Kennedy School of Government at Harvard University, where he completed a program for Senior Executives in National and International Security in 1991.

Throughout Myers' active duty and world travels, he continued relationships with his friends back home. He has provided instruction, insight, and inspiration to current students and the K-State community. In 2000, he presented the 118th Landon Lecture at Kansas State University, where he spoke about the military's role in international relations. Kansas State University named the military science building, home of the Army ROTC and Air Force ROTC programs, Gen. Richard B. Myers Hall, in honor of his service and dedication. He and his wife, Mary Jo, serve as co-chairs of the Kansas State University Innovation and Inspiration Campaign to raise $1 billion.

MEDIA INFORMATION

Thank you for your interest in Kansas State women's soccer. The K-State Athletics Communications Office has produced the 2017 media almanac to assist in your coverage of the Wildcats. Please feel free to contact any member of our staff with questions, requests or concerns. We look forward to working with you throughout the 2017 season.

MEDIA INTERVIEWS

All interviews with Kansas State players and coaches must be requested and arranged through the K-State Athletics Communications Office. Please be advised that all interview requests must be submitted **24 hours in advance**. Players and coaches' home or mobile phone numbers will **NOT** be given out.

Practices are closed to the public and the media. Players and coaches will be made available for interviews immediately following practice on specified days at the K-State Soccer Complex. All interview requests for those post-practice interview sessions must be made in advance with the K-State Athletics Communications Office. Please be advised that regularly scheduled interview days may not be conducted due to team travel.

Game day interviews are not permitted unless request is affiliated with the television network broadcasting that day's game. See 'Postgame Policy' for additional information.

WORKING CREDENTIALS

The Kansas State Athletics Communications Office should receive all credential requests no later than five days prior to the specified game. Requests can be made on official letterhead and addressed to:

Women's Soccer SID
Kansas State Department of Athletics
West Stadium Center, 1800 College Avenue
Manhattan, KS 66502-3355

Requests may also be faxed to the Athletics Communications Office at 785-532-6093 or sent via e-mail to Randy Peterson (rpeterson@kstatesports.com). Because of mail service, media passes will not be mailed in most instances. If this is the case, passes may be picked up one hour before kick-off at the ticket booth at the entrance to Tointon Family Stadium. Individuals picking up credentials will be required to furnish positive identification. All credentials are non-transferable and are issued based on Kansas State's credential policy.

Admission to press level is for working media only. Only media members with official K-State credentials will be admitted.
Note: Friends, spouses and children are not welcome in the press area.

PRESS PARKING

Press parking is located in the west lot of Bill Snyder Family Stadium/Bramlage Coliseum and can be accessed off of College Avenue through Gate 1 or Gate 5.

VISITING RADIO

To inquire about using existing radio courtesy lines, visiting radio stations should contact Randy Peterson, Assistant Director of Athletics Communications. He may be reached at 785-532-7975. Only those stations recognized as the official originator for the visiting team will be afforded broadcast facilities.

PHOTOGRAPHERS

Only accredited photographers on assignment from recognized media outlets will be issued sideline credentials. In accordance with NCAA rules, no freelance photographers will be admitted on the sidelines. All photographers must have a media pass to shoot on the sidelines of the K-State Soccer Complex. Flash photography is prohibited.

WEBSITES

Kansas State reserves the right to deny media credentials to any individual whose website is not affiliated with an official news-gathering organization or publication. Credentials will be issued to official online services of national, over-the-air or cable networks or established publications which are staffed by full-time employees (i.e. ESPN.com, SI.com, CBS Sports, etc.) and then with a maximum of one credential.

Credentials will not be granted to any online agency operating sites that are in any way affiliated with gambling, or to "freelance" or "fan-based" sites that are not affiliated with a legitimate news gathering organization. Membership in a writer's association (i.e. USBWA) does not automatically qualify an agency for credentials.

Additionally, online services are prohibited from "real time" (also known as "cybercast") transmission of all Kansas State Athletics events. Those rights are co-owned by Kansas State University, the Big 12 Conference and Learfield Communications.

POSTGAME POLICY

Kansas State's locker room is closed. Media will be asked to submit a list of player requests to Assistant Director of Athletics Communications Randy Peterson during the last 10 minutes of the match. Coach Dibbini and requested players will be available on the field following a brief team meeting.

LISTENING TO THE WILDCATS

K-State soccer can be found within the Manhattan area on 101.5 KROCK and on the web at kstatesports.com.

In the inaugural season, K-State's soccer play-by-play voice will be Mitch Fortner.

WE ARE K-STATE

When referring to Kansas State University, please only use the terms **Kansas State** or **K-State**. Please refrain from using KSU, Kansas St., Kan. St., or any other variation. The only acceptable nicknames include **Wildcats** or **Cats**. In addition, K-State plays in the **Big 12 Conference** or **Big 12**. When it comes to classic college towns, the Little Apple ranks among the best. Although considerably smaller than its New York namesake, Manhattan has blossomed into a diversified city with urban amenities while retaining its small-town appeal. Manhattan also has many appealing places to shop, eat and socialize. Aggieville, an area that features iver 35 restaurants and shops, continues to be particularly popular with students and is located on the southeast edge of campus.

MSN.com ranked the city of Manhattan No. 1 on its list of 10 Best College Towns to Live In, Even If You're Not a Student. Manhattan also ranked No. 1 in Quality of Life among American small cities by CNN, while Business Insider ranked Manhattan as the No. 6 Most Exciting Small City in the United States, Men's Journal named Manhattan one of the Top 50 Places to Live in America while Money Magazine named Manhattan one of the Top 10 Places to Retire Young in the USA.

Manhattan is the fastest growing metro area in the state of Kansas and one of the Top 15 fastest growing cities in the country. It also ranked in the top one percent nationally in personal income growth.
